ABOUT US

The staff of Online Management Solutions Ltd is trained on providing services for establishing and developing new entrepreneurial activities, as well as providing online services for businesses, and especially the media.

Our Vision

The website managementstartup.com was created by Online Management Solutions Ltd.

It stands as one of our first creations and it focuses on developing and providing research tools that can help people who are close to their entrepreneurial startup.

Management Startup was created by people with a high educational level and vast experience in the field of research and development of new tools for entrepreneurship.

GENERAL DESCRIPTION

Initially, the tool explores the monitoring of educational programs in the past. The ultimate aim of the tool is to highlight the training needs in order to either develop competencies and skills of the entrepreneur and/or employees of a company or to improve the key internal and external business operations (communication, sales, organization and administration , debt recovery, etc).

TOOL USAGE

The tool Diagnosis of Educational Needs can be used by all businesses (very small, small, large) and through this the entrepreneur will diagnose the sectors in which there are margins for improvement through the observation of educational programmes.
