ABOUT US

The staff of Online Management Solutions Ltd is trained on providing services for establishing and developing new entrepreneurial activities, as well as providing online services for businesses, and especially the media.

Our Vision

The website managementstartup.com was created by Online Management Solutions Ltd.

It stands as one of our first creations and it focuses on developing and providing research tools that can help people who are close to their entrepreneurial startup.

Management Startup was created by people with a high educational level and vast experience in the field of research and development of new tools for entrepreneurship.

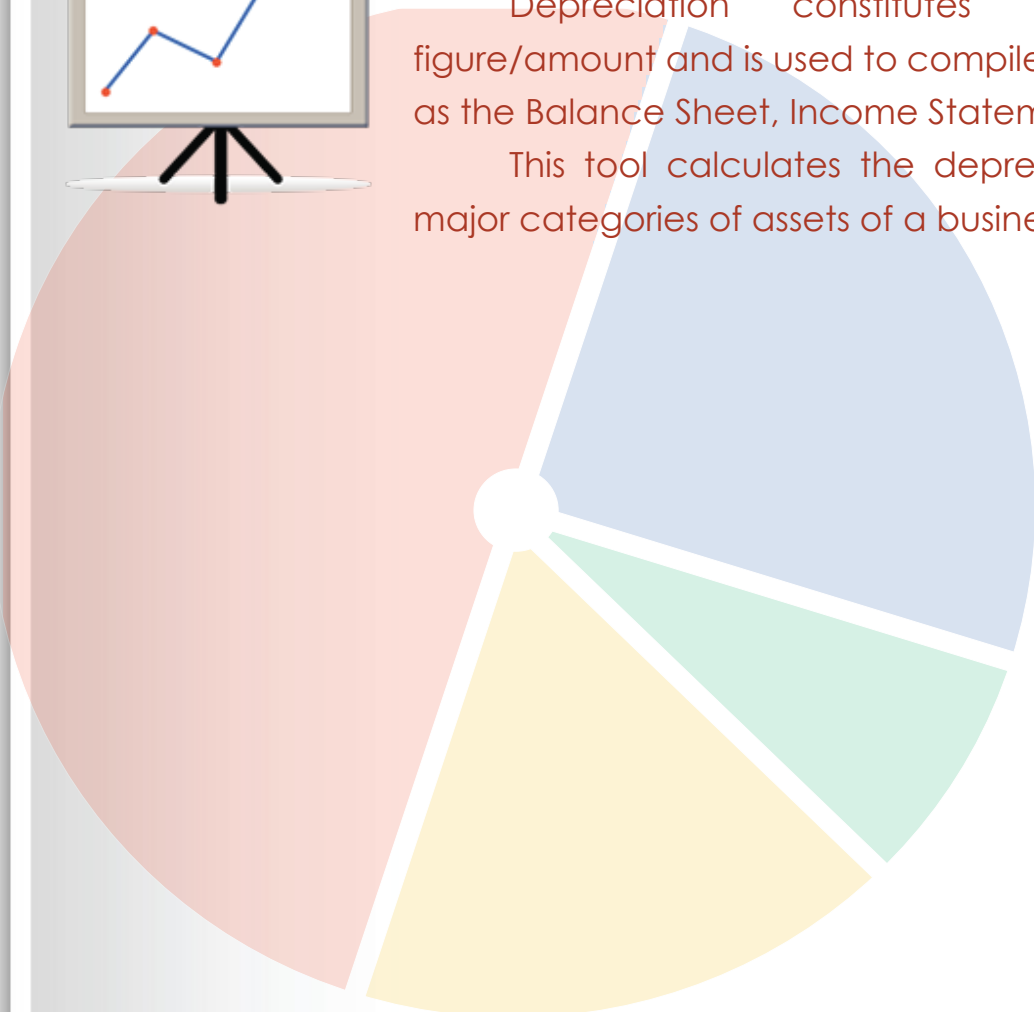

GENERAL DESCRIPTION

The tool "Calculation of depreciation value" helps us to calculate the total value of depreciation of fixed assets of the company (machines, E / Y, etc.).

Depreciation constitutes a key accounting figure/amount and is used to compile several accounts, such as the Balance Sheet, Income Statement, etc.

This tool calculates the depreciation value for the 3 major categories of assets of a business.

TOOL USAGE

This tool is proposed to be completed by the accounting officer of the company (alternatively the external auditor of the company).
