Our Vision

The website managementstartup.com was created by Online Management Solutions Ltd.

It stands as one of our first creations and it focuses on developing and providing research tools that can help people who are close to their entrepreneurial startup.

Management Startup was created by people with a high educational level and vast experience in the field of research and development of new tools for entrepreneurship.

GENERAL DESCRIPTION

The tool "Estimation of the Level of Operation of the Working Group" helps us to appreciate and evaluate the team's ability to successfully complete a project. Specifically, the proper functioning of the group is the most crucial element of success in the implementation of the project and it depends on various parameters such as:

- initial planning of activities
- allocation and distribution of roles to members of the group
- implementation and abiding by deadlines
- keeping of files and specific forms for the monitoring of activities
- correct and effective monitoring by the leader of the group
- smooth cooperation between the members of the group
- reporting and recording of results of the project
- the existence of a margin for undertaking initiatives by the members of the group

The results of the tool displays the operating level of the working group, based on the answers of the respondent and proposals for improvement.
